

## KEY INFORMATION : BALLARAT WESTERN LINK ROAD STAGE 1

**LENGTH:** 4.0 kilometre

**TIMEFRAME:** Expected completion by December 2018.

**OBJECTIVES:**

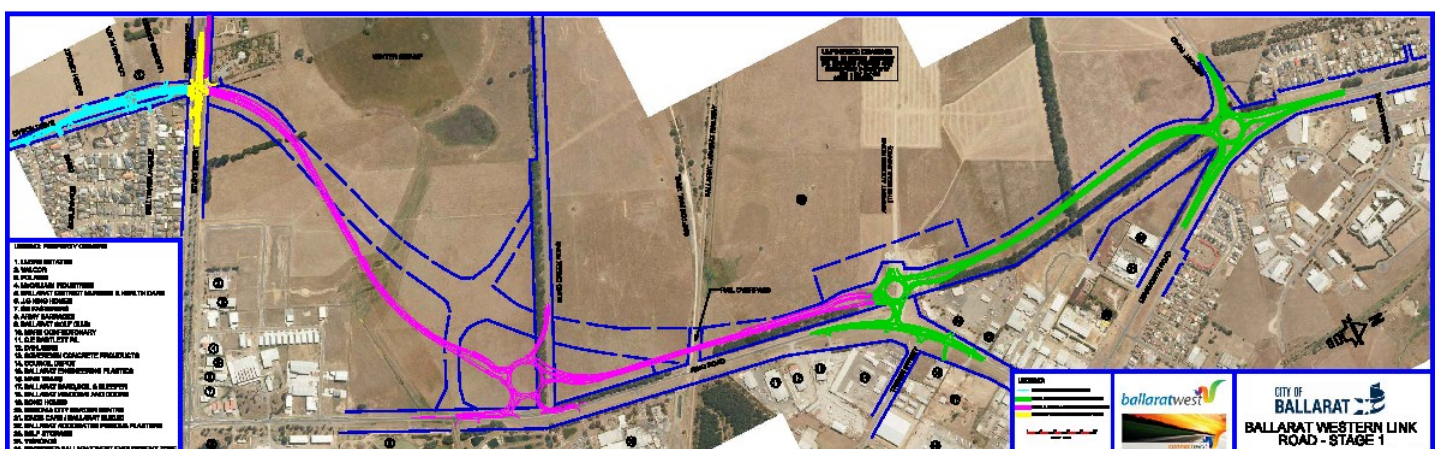

Stage 1 will provide:

- improved access and connectivity to the Ballarat West Employment Zone and Ballarat West Growth Area;
- an alternate route to reduce congestion on existing roads; and
- an alternative route to the Ring Road to reduce the hazard associated with the boom gate controlled level crossing.

**FEATURES:**

- Two lane road.
- Intersections to cater for freight movements and provide linkage with internal access roads on the Ballarat West Employment Zone site.
- Overpass of the Ballarat – Ararat Railway.
- Re-alignment of Blind Creek Road to provide east-west connection with Gregory Street at the Ring Road.
- Combined wildlife crossing and drainage crossing for Winter Swamp.
- Traffic lights at the intersection of Remembrance Drive and Dyson Drive.
- Traffic lights at the intersection of Dyson Drive and Lucas Neighbourhood Activity Centre entry.
