

Public Bus Service

The Ballarat public transit system provides fully accessible, air-conditioned, low floor buses. To provide accessibility, the buses can be lowered to the kerb and a ramp provided to accommodate wheelchairs, strollers, walking frames and some small scooters.

To assist in the readability of this Mobility Map, only accessible bus stops with shelters have been included. Additional accessible bus stops may be available at intervals along bus routes.

Timetables are available from bus drivers, by calling Davis Buses on 03 5331 7777 or online at www.cdsvictoria.com.au/ballarat.html

The Access Travel Pass and Scooter and Wheelchair Travel Pass are accepted on this public transport service. For more information on travel passes call 03 9619 1159, using your TTY, dial 03 9619 2727 or www.ptv.vic.gov.au/fares-tickets/free-travel-passes/#1

Useful contact numbers:

- ATM machine
- Pedestrian crossings
- Bus routes, with route number
- Recharge point
- Mining Exchange

Ballarat Mobility Map

Whether you are a visitor to Ballarat or a resident, the Ballarat Mobility Guide will assist you to access the city in a safe, easy, accessible and enjoyable way. The map is designed for people with a mobility impairment - those who have trouble negotiating the physical environment and may require use of a scooter or wheelchair to get around.

Note

You will notice that the legend refers to toilets being "accessible". This means that they are designed for wheelchair users. It also refers to toilets that are "public" or "private" - the private toilets are those that are open to the public but are located in a private business such as Myer, Big W, supermarkets and McDonalds.

Permits

The Statewide Disabled Persons Parking Permit Scheme provides a number of parking concessions based on the applicant's need for assistance. Persons who hold a Blue Category 1 Disabled Persons Parking Permit may park in the designated accessible parking bays identified on this map.

This map has been created by the City of Ballarat as part of the RuralAccess Program and expertise and advice from the Infrastructure units.

Disclaimer
