

CITY OF BALLARAT

Draft Budget 2023/24

DELIVERING A BETTER BALLARAT

The City of Ballarat acknowledges the Traditional Custodians of the land we live and work on, the Wadawurrung and Dja Dja Wurrung People, and recognises their continuing connection to the land and waterways.

We pay our respects to their Elders past, present and emerging and extend this to all Aboriginal and Torres Strait Islander People.

Message from the Mayor of Ballarat

I am proud to present the City of Ballarat's Budget 2023/24 which represents a commitment to delivering against our aspirations outlined in the Council Plan 2021-2025. It is a financially prudent budget that reflects our laser-like focus on growth, renewal and the delivery of projects and services.

This Budget represents the half-way point in delivering against our six goals of achieving:

- An environmentally sustainable future
- · A healthy, connected and inclusive community
- · A city that fosters sustainable growth
- A city that conserves and enhances our natural and built assets
- A strong and innovative economy and city and
- A council that provides leadership and advocates for its community.

This Council is passionate about the need to deliver against these goals in both a financially sustainable and impactful manner. We have been disciplined during the budget process to ensure we get the balance right between planning for the future and consolidating and finishing what we have started.

I am particularly pleased to see a focus on everyday priorities like road maintenance, drainage, footpaths and ensuring people of all abilities can move around our community as safely and efficiently as possible.

In late 2022 we asked residents to prioritise the Council Plan's goals and objectives to inform this budget and found that creating an environmentally sustainable future was one of the top priorities. It is most pleasing to see that we are investing \$1.13 million in sustainable capital projects and \$1.52 million to help deliver on our commitments to Carbon Neutrality and our 100% Renewables Action Plan, as well as biodiversity, environmentally sustainable development and waste reduction.

We are rethinking the way we approach waste management with a major community consultation process recently completed. There are significant environmental benefits to changing our approach as we try and reduce the amount of waste going to landfill. We are faced with increasing costs of managing waste and landfill that is reflected in the general waste charge increasing by 3.5 per cent.

I am hopeful that we might be able to reduce these costs over time as we implement the State Government changes that will require us to sort our household waste and recycling into four streams. The Council looks forward to considering a Kerbside Transition Plan later this calendar year.

From an infrastructure perspective, it is heartening to see we will be delivering renewed and upgraded community assets like the Alfredton Community Hub and Sebastapol Community Hub, as well as a range of kindergarten extensions and refurbishments and completion of the Central Library. These projects reflect our commitment to achieving a healthy, connected and inclusive community. Such assets are more important than ever as we come out of three COVID impacted years with people craving community contact and connection.

With the Consumer Price Index rising 7.8 per cent in the 12 months to 31 December 2022, we have been faced with increased costs of delivering over 80 services and over 120 projects. This has resulted in the difficult but necessary decision to increase rates per assessment by an average of 3.5 per cent in line with the State Government's Rate Cap. We do not make such decisions lightly and appreciate every household is grappling with the increased cost of living. However, such an increase is necessary for us to adequately service the needs of our community.

I believe that we have provided a balanced and responsible Budget that allows us to deliver against our Council Plan now and into the future. I would encourage you all to read the Budget 2023/24 and provide your feedback.

We are committed to delivering a better Ballarat.

Cr Des Hudson Mayor, City of Ballarat

Message from the Chief Executive Officer

The Budget 2023/24 is a product of feedback from the Ballarat community in alignment with the Council Plan 2021-2025. Residents have informed Council on what is important to them, and Council has listened. We are making long term plans to invest in residents' priorities, backing them up with budget allocations.

With an eye to the rapid growth of the city, the Budget 2023/24 is delivering on big, ongoing projects that improve liveability for all residents. However, given the current economic climate, Council has worked hard to deliver a budget that is also financially responsible in the long-term.

This Budget 2023/24 has been prepared through a rigorous, transparent process of consultation with the community, detailed review, analysis and input from Councillors, officers and management. This process has consolidated investment priorities including ongoing community infrastructure projects, internal resourcing in key departments, and civil infrastructure projects. Building on the momentum of the Council Plan, we will continue to deliver our existing services and maintain existing assets to the best of our ability.

At the centre of this budget is a significant investment in ongoing community infrastructure projects. These include the restoration of Her Majesty's Theatre, the Ballarat Library redevelopment, the Bridge Mall redevelopment, the Sebastopol Community Hub, the Airport Runway and many more.

While these intergenerational infrastructure projects are not new, they represent our commitment to investing in what makes Ballarat a great place to live and work. We believe they will provide benefits to our community for many years to come. Additionally, many of these projects — such as the Airport Runway — will also stimulate crucial economic activity in the region.

Given the growth of our city, there is a need to invest in resources to facilitate economic prosperity, that's why we've committed to increasing resources in Statutory and Strategic Planning, drainage engineering and asset planning teams to ensure we can meet current and future demands.

Finally, this budget is investing in infrastructure including roads, footpaths and drainage. Residents have told us that addressing the state of the city's roads, along with drainage works at Miners Rest and Cardigan Village, is important to them. We've listened and have increased our spend on roads, footpaths and drainage. This includes an allocation \$1.77 million for drainage projects across the city and \$36.3 million for Capital Road Infrastructure, doubling the Asphalting Overlay program.

Given current economic pressures related to an inflationary environment, the timelines for many of the above-mentioned infrastructure projects have been brought forward to ensure we carefully manage total project costs. We are conscious of the need to be financially prudent and ensure our community achieves value for money with these projects.

In a difficult economic environment, I am pleased to advise that there will be no new loan borrowings. The Council has determined that the operating results for 2023/24 and forecast cash position at 30 June 2023 will be sufficient to deliver the proposed capital program.

I believe this budget responds to the priorities of the community while also remaining financially responsible. I would encourage all residents to review this budget and provide their feedback.

Environmental Sustainability

The health of our natural environment is vital in supporting our community's health and wellbeing, with climate change described by the World Health Organisation as the greatest threat to global health in the 21st century.

The City of Ballarat plays a key leadership role in ensuring our valued natural assets are well maintained and accessible and our biodiversity is retained and enhanced. We cannot achieve this alone, and will continue to engage the passion, skills and knowledge of our community, partners and stakeholders, working together as stewards of our natural environment. In 2018 Council acknowledged the climate emergency and the need for urgent action by all levels of government, including local councils.

As part of our work in improving resource efficiency across our municipality, our focus on reducing waste going to landfill and creating a circular economy will not only benefit the environment, but also generate new jobs and positive social outcomes through opportunities in education, research and development, and innovation.

As one of the highest water consumers in the region, we are focused on reducing our potable water consumption and increasing the use of recycled water through collaborative partnerships. We will continue to encourage and support our community to play a role in conserving this precious resource.

We are delivering initiatives designed to encourage and support our community to move away from car travel to active transport – cycling and walking and public transport. This will not only reduce carbon emissions, but also support our community's physical wellbeing.

As part of our ongoing commitment to mitigating climate change, our focus is on working towards carbon neutrality by continuing to invest in key initiatives to reduce carbon emissions and working alongside our community to deliver upon our community Net Zero emission target.

The impacts of climate change are being felt, with more frequent bushfires and more extreme weather events. We continue to collaborate with government agencies and stakeholders to strengthen our community's resilience.

> Environmentally sustainable initiatives

The City of Ballarat is proud to be investing \$2.65m in specific environmentally sustainable initiatives. In addition, environmental sustainability is given a high priority when delivering all Council programs and projects.

Expanding the Ballarat North Recycled Water Network

A partnership project with Central Highlands Water and Department of Energy, Environment and Climate Action expanding production and use of Class A recycled water. City of Ballarat is to connect Wendouree West Recreation Reserve and Victoria Park. Council will make a contribution to the construction phase of the project and has a provision for earth works to improve flows through existing North Gardens wetlands.

Harnessing Ballarat Stormwater Network Optimisation Plan

This project will update the water balance model for Lake Wendouree, establish transparent operating rules for the extraction of irrigation water from Lake Wendouree and develop an annual water allocation monitoring tool. The project will upgrade water flow control devices to be digitally enabled, allowing the use of recycled water for irrigation to be maximised.

Biodiversity Strategy Flagship Project

Funding to commence actions immediately after the Biodiversity Strategy is adopted in late 2023. The Biodiversity Values and Connections Study will be an action of the Strategy which will collate what environmental assets the municipality has and will be a key piece of work to identify where we should focus our attentions to repair and instil resilience in the local environment.

Climate Action Program for the City of Ballarat and Community

The Climate Action Program aims to support coordinated and collective climate action by the City of Ballarat and the community. While most actions are related to climate change mitigation activities by Council and the community, some actions are adaptation activities by the City of Ballarat to climate risks.

Free the Yarrowee Gross Pollutant Trap

Multi-stage design, planning and approvals, and construction tender documentation prepared for Gross Pollutant Trap (GPT) downstream of the Ballarat CBD. GPT's trap solid waste including litter and coarse sediment removing them from our waterways. Proof of concept is in progress now (Year 1), with this project commencing in Year 2 to be shovel ready for proposed construction 2024/25 (Year 3).

Urban Forest

As part of the on-going Urban Forest program, we will be planting 1,515 trees over the 2023/24 planting season in nature strips and reserves. In addition, 200 to 300 trees will be planted via customer request and over 2,000 tube stock trees, shrubs and understorey plants will be planted along our waterways, walking tracks and nature reserves.

> Environmentally sustainable initiatives

Sustainable Transport

An Integrated Transport Strategy for Ballarat will be developed in 2023/24. The strategy will be aimed at achieving a more liveable, connected and inclusive community, as well as creating a safer, integrated and more accessible, efficient and sustainable transport system. The strategy will integrate land use and transport planning and promote sustainable transport options, such as walking, cycling and public transport to reduce the reliance on private vehicles.

Circular Ballarat Framework Implementation Program

A program of initiatives that will increase the number of products that are reused locally and to support the development of local recycling processing and remanufacturing by using more recycled materials in City of Ballarat projects.

Integrated Water Management

The City of Ballarat and Central Highlands Water, with further State investment, are working to increase the volume of alternative water supplies through Lake Wendouree. This involves optimising the way in which alternative water is used at existing sites for irrigation and connecting new sites to alternative water supplies enabled by the increased volumes. These are all at the design and construct stages. New alternative water supplies are also being investigated in other parts of the Ballarat municipality alongside development and flood mitigation programs.

Solar PV Roll Out Program

Support the continued roll-out of on-site solar electricity generation at Council facilities, including the Ballarat Aquatic & Lifestyle Centre (BALC) as the most significant system proposed for 2023/24.

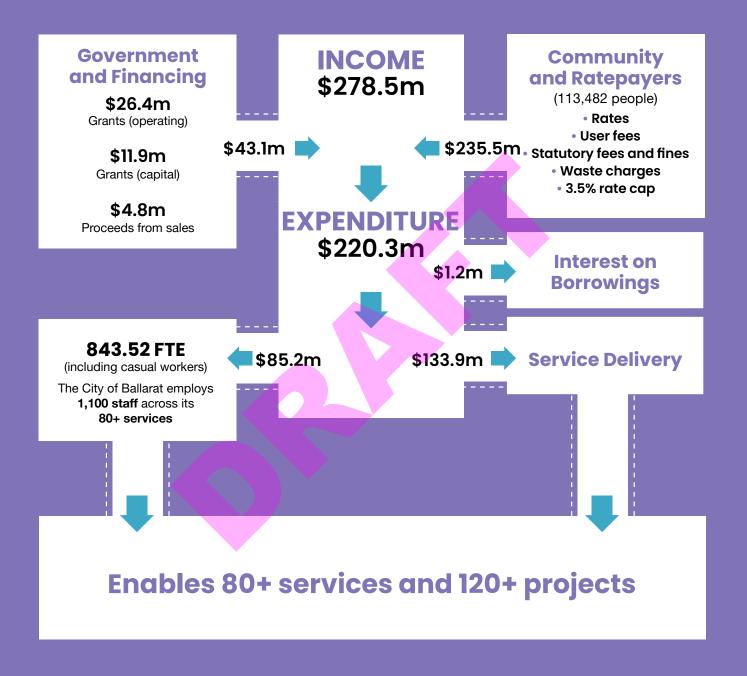

The following initiatives deliver on Council Plan actions and commitments within the Carbon Neutrality Plan and Integrated Water Management Strategy:

- Environment risk management system and soil contamination investigations
- Cloth nappy rebate
- Environmental education and events
- Waste audit and bin inspection program
- · Composting rebate

- Nature Stewards Program
- Environmentally Sustainable Development Officer (new role)
- Hard waste collection cost benefit analysis
- ESD policy implementation

This section provides an overview of the financial parameters and critical statistics relating to the Budget 2023/24.

The Budget is informed by the Council Plan 2021–2025 and the extensive community consultation undertaken as part of the 'Ballarat: Our Future' community engagement process.

This year's Budget reflects an ongoing focus and commitment to growth, renewal and the delivery of projects and services.

Rates per assessment will increase by an average of 3.5 per cent in line with the State Government's Fair Go Rates system. This will assist Council in trying to meet the growing costs in the economy, which have been significant over the last 12 months and minimise the impact on service delivery.

To achieve the City of Ballarat's goal of working towards an environmentally sustainable future, Council is investing \$1.13 million in sustainable capital projects and \$1.52 million to help deliver on our commitments to Carbon Neutrality and our 100% Renewables Action Plan, as well as biodiversity, environmentally sustainable development and waste reduction. Further detail on environmental initiatives can be found on page 9 and within the strategic objective and services outlined in Goal 1 - An environmentally sustainable future, which outlines the expenditure that Council commits to this goal.

This budget will see an increased investment in drainage projects, focused on addressing some of the challenges certain areas of the community experience during storm events, including Miners Rest and Cardigan Village. The Budget will include resources to progress the Miners

Rest Drainage Scheme with a total of \$3.3 million in funding allocated in 2024/25 and 2025/26 to commence implementation of the scheme.

The 2024/25 and 2025/26 capital budgets include a total of \$2 million (\$1 million each year) to support works within Cardigan Village.

In addition to these capital works in 2023/24 Council has allocated an additional \$1 million to drainage maintenance across the city, taking the annual budget to \$1.3 million.

Council will continue to focus on community cycling trails and footpaths in 2023/24 with a total investment of \$3 million in maintenance and construction. This includes additional funding for the development of a footpath strategy and increasing the allocation of new footpaths by \$250,000 to \$865,000.

The Budget also continues the approach of reporting carryovers (incomplete projects from 2022/23 that will be funded in 2023/24). By including known carryovers in the Budget forms part of the organisation's renewed commitment to greater transparency.

This year there will be no increase in green waste charges, and the general waste charge will increase by 3.5 per cent to meet the increasing costs of managing waste and landfill.

This Budget proposes a 3.3 per cent or 27 total Full Time Equivalent (FTE) staff increase, compared to the 2022/23 budget, from 816.52 to 843.52. This will allow the City of Ballarat to invest additional resources into service areas to keep up with the growing population while also ensuring compliance requirements and service improvements.

Link to Council Plan

This section describes how the budget links to the achievement of the Community Vision and Council Plan within an overall integrated planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget) and then holding itself accountable (Annual Report).

Legislative Planning and Accountability Framework

The Budget is a rolling four-year plan outlining the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated planning and reporting framework that applies to local government in Victoria. At each stage of the integrated planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

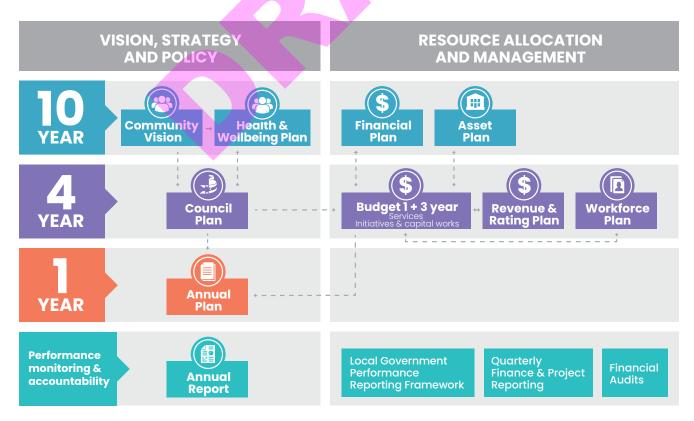

The timing of each component of the integrated planning and reporting framework is critical to the successful achievement of the planned outcomes.

Key Planning Considerations

Although councils have a legal obligation to provide some services— such as animal management, local roads, food safety and statutory planning—most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

Community consultation needs to be in line with a Council's adopted Community Engagement Policy and Public Transparency Policy.

> City of Ballarat integrated strategic planning framework

This is the community's vision for Ballarat.

Ballarat, Victoria's heritage city: leading the way as a sustainable, innovative and inclusive community

In 2031, our city is a leader in sustainable living with ecologically-sound neighbourhoods where people can meet their daily needs within a short walk, ride or bus trip.

We have easy access to parks and gardens, community facilities and education for all ages. Our health and community services respond to community need.

Everyone is valued and welcomed in our city. We celebrate our diversity and everyone in our community is able to participate fully in life.

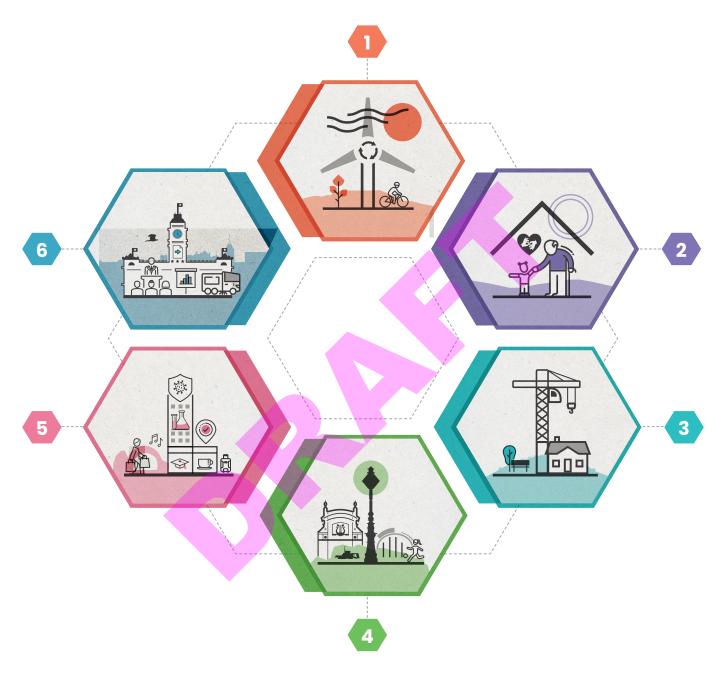

We approach challenges and opportunities with a creative and innovative approach to get the best result for our people.

Our people work locally in the diverse range of industries that make up our solid local economy.

We embrace our rich heritage. We continue to preserve our links to the gold rush era and recognise and celebrate our long Aboriginal history and the breadth of our cultural heritage.

We balance the need to conserve our historical places and spaces with the need and desire to progress as a modern regional city.

Council Plan Goals 2021-2025

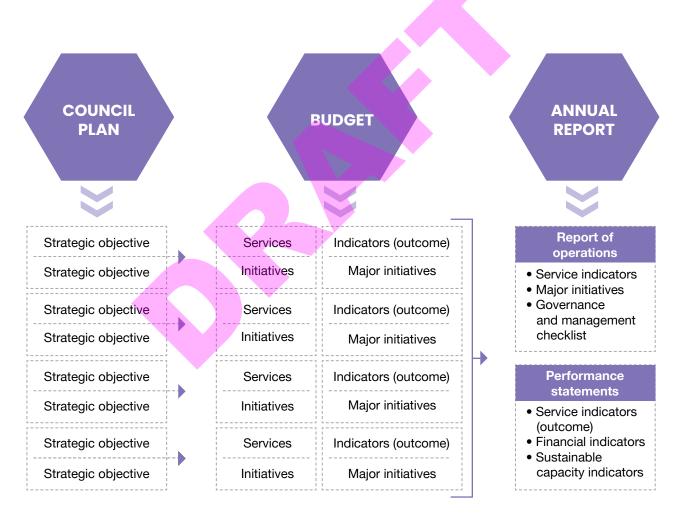

GOALS				
1. An environmentally sustainable future	4. A city that conserves and enhances our natural and built assets			
2. A healthy, connected and inclusive community	5. A strong and innovative economy and city			
3. A city that fosters sustainable growth	6. A Council that provides leadership and advocates for its community			

Services and service performance indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2023/24 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan.

It also describes several initiatives and service performance outcome indicators for key areas of Council's operations. Council is required by legislation to identify major initiatives, initiatives and service performance outcome indicators in the Budget and report against them in our Annual Report to support transparency and accountability.

The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below.

> Environmental sustainability, the ability to strike the balance between using resources while preserving the health of the environment and seeking to leave it in better condition than it was found.

Our strategic objectives

- 11 Transition towards zero emissions
- 1.2 Transition towards zero waste
- Support communities to be adaptive and resilient to a changing climate
- 1.4 Provide lower carbon transport options
- Improve stewardship of our natural resources and protection and enhancement of our biodiversity
- 1.6 Adopt more sustainable practices in our core business and operations

CIRCULAR ECONOMY

Service description

Ballarat is embracing a transition toward a circular economy. The Circular Economy service provides programs to assist in the efficient use of materials and reducing the amount of waste going to landfill.

(Surplus)/Deficit	6,167	8,007	8,202

Budget note: Additional revenue attributed to tip fees, with extra costs primarily related to removal of Leachate at the landfill plus some additional operational works required at closed landfill sites.

SUSTAINABLE ENVIRONMENT

Service description

Sustainable Environment is responsible for developing policy, strategic direction and implementation of environmental sustainability, integrated water management and other climate change initiatives across the municipality.

Strategic Transport and Mobility	2021/22 Actuals \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000

MAJOR INITIATIVES

- Climate action program to support Carbon Neutrality Action Plan and the community's Ballarat Net Zero Emissions Plan.
- Continue solar installation at Council facilities
- Landfill works including capping of used cell and construction of new cell

OTHER INITIATIVES

- Partnering to deliver the integrated water management network expansion
- Biodiversity Strategy and Biodiversity Values and Connections Study (key strategy action)
- Environmentally Sustainable Development

> A healthy community is one where every member enjoys good physical and mental health, feels safe, enjoys connection with others, and has access to excellent health and leisure facilities and services.

Our strategic objectives

- Provide a socially equitable response to municipal growth and change
- Enhance social cohesion, address social isolation and loneliness and support our vulnerable communities
- 23 Support and improve community learning, health and wellbeing
- 2.4 Enhance a sense of pride and belonging for all residents
- 2.5 Prioritise reconciliation with Aboriginal and Torres Strait Islander Peoples
- 2.6 Provide opportunities for children, young people and families
- 2.7 Support our ageing community
- 2.8 Enhance Ballarat as a diverse, inclusive and compassionate community
- 29 Prepare proactively for emergencies and natural disasters

AGEING WELL

Service description

The aim of the Ageing Well Services is to provide a range of co-designed programs and activities that address the identified needs of our ageing community and assist Ballarat to continue be an Age-Friendly City.

Assessment and Review	2021/22 Actuals \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000
Revenue	(960)	(923)	(55)
Expense	743	841	1,946
(Surplus)/Deficit	(217)	(82)	1,891

Budget note: The increased expenditure in the 2023/24 budget relates to the inclusion of the new Social Inclusion work area, created during 2022/23. The decrease in revenue within the same area reflects on the change in the Community Connections, previously known as Social Connections program and the withdrawal of Commonwealth funding towards this area.

ASSESSMENT AND REVIEW

Service description

Assessment and Review is a clinical service as part of the My Aged Care national system for Older Persons. Assessment and Review staff determine, in consultation with residents, what service provision they need, both internally and externally provided, to remain living in the community safely and independently.

Budget note: The Ballarat Aquatic and Lifestyle Centre was affected by COVID-19 in 2021/22. The 2022/23 Forecast shows a return to a level of operation prior to COVID-19, with a full staffing contingent and higher revenue. Increasing utility costs have had a significant impact on expenses in 2022/23 which are budgeted to continue to increase in 2023/24.

BALLARAT REGIONAL SOCCER FACILITY

Service description

The Ballarat Regional Soccer Facility is Ballarat's crown for regional soccer and has hosted both international and Australian teams including Bahrain, The Matildas, Western United and Melbourne Victory.

The centrepiece is a world-class natural turf stadium pitch of a quality unmatched in Australia outside of major metropolitan stadiums. With viewing mounds on three sides and a 450-seat grandstand, the stadium comfortably fits 3,000 spectators.

Budget note: The Ballarat Regional Soccer Facility was slightly affected by COVID-19 in 2021/22. The 2022/23 Forecast and 2023/24 Budget returns to pre-COVID-19 levels of participation from these sporting clubs.

CHILD HEALTH

Service description

Council's Maternal and Child Health Service is free for families with babies and children, from birth to school age. This service supports families with helpful information on a wide variety of topics including early parenting, child health and development, and family health and wellbeing issues. Maternal and Child Health can provide specialist referrals and help to link families with local community-based supports and enable social connections with other parents for example, through New Parent Groups and referral to supported and community based playgroups.

Council also provides government-funded childhood and school immunisations according to the National Immunisation Program (NIP) schedule. Vaccines are provided by Department of Health and Human Services and administered by Council.

Child Health		2021/22 Actuals \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000
Revenue		(1,705)	(2,321)	(1,910)
Expense		2,988	3,186	3,317
(Surplus)/Deficit		1,283	865	1,407

Budget note: The decrease in revenue in the 2023/24 budget reflects a reduction in funds to be carried over, with the plan to expend accumulated unspent funds from the last two financial years through initiatives in the 2022/23 Forecast, linked to one-off Covid funding received for Key Ages and Stages, as well as a fully funded program for sleep and settling initiatives.

CHILDREN'S SERVICES

Service description

Children's Services includes early education and care services provided by Girrabanya and Wendouree Children's Centre that provide long day care, sessional funded kindergarten for both three year old and four year olds and occasional care at Girrabanya Children's Centre. Family Day Care is an Australian Government approved home-based childcare service often providing family care - that is, siblings are cared for together, and care for school-aged children until the end of primary school and beyond in special circumstances.

Expense	2,201			2,295	2,854
(Surplus)/Deficit	535			508	488

Budget note: The 2023/24 Budget includes additional resources to keep up with growing demand for this service. This also results in increased revenue from Planning Permit fees.

STRATEGIC PLANNING

Service description

Strategic Planning manages the Ballarat Planning Scheme and undertakes strategic land use planning to support growth and prosperity in the municipality.

Strategic Planning also delivers services under Goals 1, 2 and 4.

Strategic Planning	2021/22 Actuals \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000
Revenue	(17)	0	0
Expense	1,105	1,957	2,507
(Surplus)/Deficit	1,088	1,957	2,507

Budget note: An increase in the 2022/23 Forecast and 2023/24 Budget is due to a greater focus on strategic planning works in a number of areas across our growing city. In addition, there is some additional investment to specific projects such as Transport Planning, Heritage Policy and Gaps Review, Flood Planning, and the Housing Strategy.

SUSTAINABLE GROWTH

Service description

Sustainable Growth Development income includes the Developer Contributions Plan and associated expenses in its management.

Sustainable Growth	2021/22 Actuals \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000

Goal 4:

A city that conserves and enhances our natural and built assets

> The City of Ballarat is the steward of a wide range of community assets. It is responsible for delivering and maintaining built assets such as roads, buildings, footpaths, drains, playgrounds and pavilions as well as natural assets such as open space, sports ovals, trees and wetlands.

Our strategic objectives

- 4.1 Reduce the renewal gap for our existing assets
- 4.2 Respect, conserve and celebrate our rich heritage
- 4.3 Deliver quality and targeted capital works projects
- 4.4 Improve, maintain and conserve our open space and natural assets

ASSET MANAGEMENT

Service description

Asset Management includes the ongoing management and improvement of our Integrated Asset Management Framework including policy, asset strategy, asset plan, asset management plans and our asset management system. These Council assets include transport, open space, trees, drainage/stormwater and buildings.

Asset Management	2021/22 Actuals \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000
Revenue	(380)	(488)	(318)
Expense	756	1,241	1,780
(Surplus)/Deficit	376	753	1,462

Budget note: The increase in expenses for 2022/23 and 2023/24 is the result of an increase in resources to enable Council to better undertake asset planning, condition assessments, and meet the requirements of the new Local Government Act with the new Asset Plan reporting.

CONSTRUCTION

Service description

The Construction team deliver minor capital work improvements including footpaths, drainage etc. Large capital works programs are procured through an open tender process with delivery managed via the Infrastructure Delivery team.

Construction	2021/22 Actuals \$	000	2022	/23 Forecast \$'000	2023/24 Budget \$'000
Revenue	(12)			(3,162)	0
Expense	80			33	550
(Surplus)/Deficit	68			(3,129)	550

Budget note: The high level of income in the 2022/23 Forecast relates to Bicycle Strategy Projects funding. The low level of expenditure in 2021/22 and 2022/23 has resulted from resources being allocated to deliver capital projects. In 2023/24 the higher level of expenditure reflects additional officer time to deliver this service.

DEVELOPMENT AND GROWTH

Service description

Development and Growth provides leadership and support to our Economic Growth, Development Facilitation, Economic Growth, City Design, Regulatory Services and Visitor Economy teams.

Development and Growth also delivers services under Goal 3.

Development and Growth	2021/22 Actuals \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000
Revenue	(27,003)	(25,000)	(25,000)
Expense	1,748	672	572
(Surplus)/Deficit	(25,255)	(24,328)	(24,428)

Budget Note: The revenue in this service reflects the recognition of non-cash infrastructure assets transferred to Council, from the various subdivisions across the city (excluding Ballarat West Developer Contribution Plan). E.g. roads, drainage, footpaths and other associated assets.

DEVELOPMENT ENGINEERING

Service description

Expense	214	606	689
(Surplus)/Deficit	140	516	628

Budget note: The increase in the 2022/23 Forecast and 2023/24 Budget relates to the costs associated with the World Heritage Bid and Heritage Plan implementation.

INFRASTRUCTURE

Service description

Infrastructure comprises the delivery of renewal and upgrade projects to allow community freedom of movement and safe passage including roads, footpaths, bridges and drainage.

Infrastructure also delivers services under Goal 2.

Infrastructure	2021/22 Actuals \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000
Revenue	(6,556)	(4,533)	(3,015)
Expense	388	305	589
(Surplus)/Deficit	(6,168)	(4,228)	(2,426)

Budget note: A reduction in revenue is forecast in 2022/23 and 2023/24 due to less income from grants. The 2023/24 budget includes the development of a Footpath Strategy and a sealed road condition review.

INFRASTRUCTURE DELIVERY

Service description

The Infrastructure Delivery team support contractors to deliver new and renew existing infrastructure.

Infrastructure Delivery	2021/22 Actuals \$'000	2022/23 Forecast \$'000	2023/24 Budget \$'000

Expense	880	462	230
(Surplus)/Deficit	(12,874)	(20,791)	(4,664)

Budget note: Capital grants relating to major projects are expected to be lower in 2023/24, compared to previous years. Expenditure in 2021/22 and 2022/23 included some early project investigation works.

PROPERTY MANAGEMENT

Service description

Property Management manages and maintains Council's property portfolio including commercial and community tenanted buildings, public reserves, the Ballarat Airport and associated buildings, and two Council-owned caravan parks.

Property Management	2021/22 Actuals \$'000		2022/23 Forecast \$'000		2023/24 Budget \$'000
Revenue	(1,486)			(2,005)	(6,242)
Expense	2,155			2,427	1,520
(Surplus)/Deficit	669			422	(4,722)

Budget note: The main variance across all three years is to do with the level of proceeds from sale of land with a number of properties scheduled to be sold in 2023/24. Budget expenses are budgeted to decrease in 2023/24 due to a reallocation of resources and a reduction of some lease related costs.

ROAD MAINTENANCE

4. Notes to the financial statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the Local Government Act 2020, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2023/24 the FGRS cap has been set at 3.50%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 3.50% in line with the rate cap.

The Bridge Mall Special Rate has been budgeted to continue in 2023/24, set at \$0.00280436 of CIV on affected properties to raise \$160K for 2023/24. This will raise total rates and charges for 2023/24 of \$151.6 million.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	2022/23	2023/24	Chan	70
	Forecast Actual	Budget	Cilali	ye.

4.1.1(m) Any significant changes that may affect the estimated amounts to be raised by rates and charges

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

- The making of supplementary valuations (2023/24: estimated \$2,575,911 and 2022/23: \$2,386,118)
- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(n) Differential rates

> Residential Land

Definition	Residential land is any land, which is used for private residential purposes, including but not limited to houses, dwellings, flats, units and private boatsheds, together with vacant unoccupied land, not covered by another differential, but excluding motels, caravan parks, supported accommodation, accommodation houses, boarding houses and the like

Town Planning Fees & Certificates	1,502	2,149	647	43.08%
Total statutory fees and fines	7,878	8,263	385	4.89%

Statutory fees relate mainly to fees and fines levied in accordance with legislation and include animal registrations, Environmental Health Permits, subdivision supervision certificates, Town Planning Fees and infringements which include parking fines. The Department of Treasury and Finance sets the value of a penalty unit annually which determines the dollar amount charged for most of these fees. The increase is mainly due to an assumption of higher Town Planning income associated with growth in the municipality. A detailed listing of Statutory fees fines is included in the Fees and Charges Schedule at the end of this document.

Transfer Station	835	1,295	460	55.09%
Total user fees	22,436	22,647	211	0.94%

User fees, charges and fines relate to the recovery of costs to deliver services through the charging of fees to users of the City's services. These include Aged Care services, Animal Shelter adoptions, Waste Transfer Station, Waste Landfill disposal income, Child care services, parking meter revenue, entertainment venues such as Art Gallery of Ballarat, Her Majesties Theatre, Civic Hall, Eureka Centre and Major Sport Precincts such as the Ballarat Aquatic Lifestyle Centre, Ballarat Regional Soccer Facility and Eureka Stadium.

The increase in revenue assumptions primarily relates to waste disposal user fees.

Operating Grants

Operating Grants for 2023/2024 Financial Year have reduced primarily due to recurrent grants associated with the Ageing Well area which is ceasing a number of services in June 2023. Non recurrent (one-off) grants are also expected to be lower primarily in the area of Engaged Communities with reduced funding for Empowering Communities and Early Years programs. However, as new grants present opportunities throughout the 2023/2024 Financial Year, council will endeavour to apply where possible. Please note that Operating Grants forecast includes a figure of \$3.3 million which is related to the AASB 15 adjustment required at the End of Financial Year. These are not new grants but rather unexpended amounts from the 2021/2022 Financial Year.

Capital Grants

Capital Grants for 2023/24 Financial Year are budgeted to reduce due to many large funded projects scheduled to be complete in 2022/23. Please note that Capital Grants forecast includes a figure of \$17.3 million which is related to the AASB 15/1058 adjustment required at the End of Financial Year. These are not new grants but rather unexpended amounts from the 2021/2022 Financial Year. This figure was particularly affected in Infrastructure and Major Projects by the AASB Adjustment.

4.1.5 Contributions

	Forecast Actual 2022/23			је	
	\$'000	\$'000	\$'000	%	
Monetary	10,536	8,531	(2,005)	-19.03%	
Non-monetary	30,473	35,680	5,207	17.09%	
Total contributions	41,009	44,211	3,202	7.81%	

Monetary Contributions are mostly related to Developer Contributions Plan income levies that are reducing due to the expected timing of development in 2023/24. Non-monetary contributions are related to developer constructed assets that are contributed to council in accordance with planning permits which may include land, roads, footpaths, play spaces and drainage which we expect to see an increase in over the next 12 months.

4.1.6 Other income

	Forecast Actual 2022/23	Budget 2023/24	Change	
	\$'000	\$'000	\$'000	%

Reimbursements	142	121	(21)	-14.79%
Total other income	6,123	8,721	2,598	42.43%

Other income includes interest on investment and property rental. Interest on investments is expected to increase due to the expected increase in interest rates.

4.1.7 Employee costs

	Forecast Actual 2022/23 \$'000	Budget 2023/24 \$'000	Chan \$'000	ge %
Casual Wages	3,766	3,984	218	5.79%
Fringe Benefit Tax	8	2	(6)	-75.00%
Other Employee Costs	668	445	(223)	-33.38%
Superannuation	7,336	8,143	807	11.00%
Wages and Salaries	62,515	71,506	8,991	14.38%
Workcover	640	1,130	490	76.56%
Total employee costs	74,933	85,210	10,277	13.71%

Employee costs include all labour related expenditure such as wages, allowance, and non salary on costs such as Workcover, leave entitlements and employer superannuation. Overall wages have increased due to EBA increases, band movements and increased FTE. Superannuation increased due to the rising super guarantee level.

4.1.8 Materials and services

	Forecast Actual 2022/23	Budget 2023/24	Change	
	\$'000	\$'000	\$'000	%
Building Maintenance	2,780	2,838	58	2.09%

Total materials and services	91,015	85,777	(5,238)	-5.76%

Materials and services include the purchases of consumables, payments to contractors for the provision of services and utilities. This category will realise some significant savings from historical costs incurred, this includes a decrease in Information Technology due to savings in software maintenance costs, and within utilities a non-recurrent street lighting program completed in 22/23FY to replace lighting to more efficient LED globes. In the Consultants area there are savings across many areas in the organisation such as previous costs for feasibility studies performed for a pipeline of potential future capital works and costs for service programs that will not continue to operate going forward.

4.1.9 Depreciation

4.2 Balance Sheet

4.2.1 Assets

Current Assets \$72.6 million

Non Current Assets \$2,417 million

- Cash and cash equivalents included cash and investments such as cash at bank and investments in term deposits
- Trade and other receivables are monies owed to the City by ratepayers and other debtors
 Other assets include items such as prepayments for expenses that the City has paid in advance of service delivery, inventories or stock held for sale.

4.2.2 Liabilities

Current Liabilities \$44.5 million

Non Current Liabilities \$51.2 million

- Trade and other payables are those to whom the City owes money as at 30 June. These liabilities are budgeted to reman at a similar level to previous years.
- Provisions include accrued long service leave, annual leave and rostered days off owing to employees.

4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	Forecast Actual	Budget		Projections	
	2022/23 \$	2023/24 \$	2024/25 \$	2025/26 \$	2026/27 \$

4.2.4 Leases by category

As a result of the introduction of AASB 16 Leases, right-of-use assets and lease liabilities have been recognised as outlined in the table below.

	Forecast Actual	Budget
	2022/23	2023/24
		\$
Right-of-use assets		
Property	1,047	438
Vehicles	48	-

Plant and equipment	-	-
Other, etc.		-
Total non-current lease liabilities	752	-
Total lease liabilities	1,153	470

Where the interest rate applicable to a lease is not expressed in the lease agreement, Council applies the average incremental borrowing rate in the calculation of lease liabilities. The current incremental borrowing rate is 4%.

4.3 Statement of changes in Equity

4.3.1 Reserves

Council has a number of reserves which are used to fund various programs. These include statutory and discretionary reserves. Statutory reserves are Open Space Contributions and Developer Contributions Reserves. Discretionary reserves are Asset Realisation (Land) Reserves and Waste Reserves.

Open Space Contributions

The purpose of this reserve is to collect contributions from developers for open space which is used for future Parks and Open Space upgrades including Playspaces. The policy framework for open space contributions is set out in the Subdivision Act 1988 which enshrines a nominal contribution. This reserve is budgeted to decrease by \$414k in 2023/24, due to delivery of some open space projects.

Developer Contributions

The purpose of this reserve is to ensure that the City's new communities have appropriate access to essential infrastructure required to ensure the safety and liveability of its suburbs. All developers are required to fund and construct local infrastructure to service new developments and housing estates. The role of development contributions is to ensure major infrastructure items such as traffic signals, sports grounds and community centres are funded equitability between multiple developers and/or landowners. This reserve is budgeted to decrease by \$12.2million in 2023/24, due to an increase in capital project delivery in comparison to Developer Contributions.

Asset Realisation

The purpose of this reserve is to isolate funds generated from the sale of land assets that Council have identified as surplus to the communities needs. These funds will be utilised to purchase more strategic land assets for the community. This reserve is budgeted to remain with a zero balance in 2023/24, with all funds collected for this purpose being utilised.

Waste

The purpose of this reserve is to isolate funds generated from the environmental and green waste levies. These funds will be utilised to fund capital works programs across the Waste & Environment Department such as landfill cell construction, cell capping, replacement bins, replacement and growth of the truck fleet with greater future capital works on the horizon. This reserve is budgeted to decrease by \$2.5 million in 2023/24, due to major capping and cell construction works.

4.3.2 Equity

Equity Total \$2,394 million

Total Equity always equals net assets and is made up of the following components:

- Asset revaluation reserves represents the difference between the previously recorded value of assets and their current valuations
- Other Reserves that the City wished to separately identify as being set aside for specific purposes
- Accumulated surplus is the value of all net assets less reserves that have accumulated over time.

4.4 Statement of Cash Flows

4.4.1 Net cash flows provided by/used in operating activities

Operating activities refers to the cash generated or used in the normal service delivery functions of the City. Cash remaining after the paying for the provision of services to the community may be available for the investment in capital works or the repayment of debt. The increase in cash inflow from operating activities is mostly attributed to the decrease in payments to suppliers.

4.4.2 Net cash flows provided by/used in investing activities

Investing Activities refers to cash generates or used in the financing of the City's capital works functions

4.4.3 Net cash flows provided by/used in financing activities

Financing activities refers to cash used to pay interest and principal on council borrowings

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2023/24 year, classified by expenditure type and funding source. Works are also disclosed as current budget or carried forward from prior year.

Coghills Creek Road between Glendonald Road and Pickfords Road.

Program Asphalting

• 15 roads identified to be included in the 2024 Asphalt overlay program. Data is still being collated from the 2020 Asset condition reporting. This program will also include asphalt patching to a number of roundabouts throughout the municipality

Program Gravel Road Renewal

• 8kms of gravel resheeting which equates to 10 unsealed roads

Program Major Patching

• Program is developed from the 2020 Condition inspections completed to identify critical defects across the network as well as identified locations collated through customer enquiries and onsite inspections. This financial years program will be completed across 65 roads completing approximately 35,000m2 of major patching. This program will increase throughout the winter period and is subject to change.

Program Unsealed Intersections

 Approximately 6 unsealed intersections are sealed each year under this program of works

Program Reseals

 60 roads identified including 255 road segments which cover 259,252m2 in sealed area in the 2022/23 year. Reseal locations will be identified using 2020 Condition inspections in conjunction with the 33 already identified as Priority B roads in the 2022/23 program that were not actioned due to full allocation of funds already.

Targeted performance indicators

The following tables highlight Council's current and projected performance across a selection of targeted service and financial performance indicators. These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives.

The targeted performance indicators below are the prescribed performance indicators contained in Schedule 4 of the Local Government (Planning and Reporting) Regulations 2020. Results against these indicators and targets will be reported in Council's Performance Statement included in the Annual Report.

Notes to indicators

5a

Satisfaction with community consultation and engagement

Following the adoption of a new Community Engagement Policy in 2021, Council is aiming to maintain a target of 55.

Sealed local roads below the intervention level

Council has an annual target of ensuring no sealed local roads fall below the renewal intervention level.

3. Planning applications decided within the relevant required time

Council is reviewing its resources in the Statutory Planning service in an endeavour to return this indicator to a more acceptable level for the following four years.

4. Kerbside collection waste diverted from landfill

Council is currently engaging with the community on options relevant to kerbside glass and FOGO services which will support the goal of diverting kerbside waste from landfill. Kerbside glass collection is expected to be operational in 2026/27 financial year.

This target reflects the forecast result from the four year budget and is consistent with Council's long term financial planning.

This target reflects the forecast result from the four year budget and is consistent with Council's long term financial planning.

This target reflects the forecast result from the four year budget and is consistent with Council's long term financial planning. Expenditure level

This target reflects the forecast result from the four year budget and is consistent with Council's long term financial planning.

5b

Adjusted underlying result

While this figure is forecast to be negative in 2022/23, which indicates the net result is being supported by large capital grants and contributions, it shows an upward trend for the remainer of the four year budget.

This is budgeted to decrease in 2023/24 as Council expends cash on delivering a large capital works program, before recovering in the following three years. Debt compared to rates

This indicator is forecast to decrease to less than 20% in 2023/24, before increasing slightly over the following three years as City of Ballarat plan to fund some major new assets via borrowings.

12. Interest and Repayments compared to rates

This indicator is forecast to decrease over the next two years, with 2025/26 showing a large commitment due to the repayment of a \$23.1 milllion interest only loan, which is planned to be refinanced at the time of maturity. 13. Rates Effort

This is forecast to remain consistent of the four year period due to the expectation that property valuations will steadily increase, consistent with the level of rate revenue

14. Revenue level

This indicator is expected to increase annually to support Council's long term financial plan.

Schedule of Fees and Charges

This appendix presents the fees and charges of a statutory/non-statutory nature which will be charged in respect to various goods and services during the financial year Fees and charges are based on information available at the time of publishing and may vary during the financial year subject to any changes in Council's policy or legisl
